

# CERTIFICATE

## OF PARTICIPATION

This certificate is presented to

*Asmath Hazeena*

For successfully participating in the **2-Day** online workshop titled '**Docking, Homology Modeling and Active Site Prediction: From Theory to Application**' conducted by Discovery Boulevard from **November 29-30, 2025**. The workshop provided in-depth training in molecular docking workflows, covering the preparation, execution, and analysis of receptor-ligand interactions. It also included practical approaches for building 3D protein structures through homology modeling, followed by identifying the active site and performing docking studies on the predicted model.

**Dr. Angamba P**

Senior Scientist, Discovery Boulevard

**Dr. Shikha Rani**

Manager, Discovery Boulevard

Certificate Number: DB/MDS/29/11/25/0084
